South Waziristan: TTP Forced to Make False Claims After Repeated Failures

South Waziristan: TTP attack foiled by security forces in Azam Warsak. Two security personnel were slightly injured in exchange of fire, while three injured terrorists managed to escape. TTP is compelled to resort to lies after repeated failures and making fake claims regarding martyrdom of security personnel.

There is deep resentment against TTP among local tribes and they are voluntarily identifying attackers. According to locals, terrorists Ghat Sohail, Yusuf alias Zarr, Mehmood alias Charg, Amir Hamza and Saifur Rehman are involved in this foiled attack. They will soon meet their end.
