

## TTP's Increasing Casualties Terrorists Facing Severe Anxiety

In last few weeks, TTP has suffered heavy casualties in Waziristan, Bannu, Lakki Marwat, Tank, Bajaur, Mardan and Swabi while many terrorists have also been arrested. These casualties and apprehensions have inculcated great anxiety within TTP and they are appealing people for prayers and recitation of Quran.

**Real causes behind unrest and growing frustration in TTP ranks are as under:-**

- TTP leadership is living luxurious life in Afghanistan, while dispatching tashkeels comprising young boys including Afghan nationals for being killed.
- To date, no key TTP leader had ever come to fight in these tashkeels and none of their son has conducted suicide attack.
- TTP is luring young children in the name of Jihad to either commit suicide bombings or sexually assault them.
- TTP leadership is involved in immoral activities. Commander Hamidullah alias Gohar has opened a den of immoral activities, where teenage boys are being sexually abused.

In the light of these facts, it is responsibility of every sensible person and head of a house to be mindful of the fact that TTP does not deceive any of his loved ones or relatives on path of death or subject him to sexual assault in the name of Jihad, because elimination of these Khawarij is collective responsibility of all of us.
