

TTP Spokesperson's Fake Statement and Facts

TTP Spokesperson Mohammad Khorasani in a recent interview to Russian digital channel has unsuccessfully tried to present a fake narrative based on hypocrisy, while the real facts are as follows:

- TTP was brought to existence through nexus and financial support of inimical forces to launch insurgency against Islamic State.
- TTP, which calls itself claimant of Sharia, infact wants end of the Islamic system in Pakistan.
- Pakistani nation strongly hate Khawarij and want their elimination.
- TTP is hiding in using hideouts on Afghan soil and using Afghan nationals for terrorist attacks.
- Claim of Khawarijs, who martyr innocent women and children to protect women's rights is surely a joke.
- Repeatedly claiming not to conduct any activity against America and Europe is actually an excuse to please their foreign masters.

Terrorists are trying to mislead people because neither their goals are being achieved by fighting nor their statements have any significance while people have also become disgusted with them. Therefore, these three to four thousand Khawarij are resorting forcefully to foreign media to increase their importance, while their existence will fade away by itself.
