Khawarij - Travellers of Hell

According to Hadith

Translation: (These Khawarij) are dogs of Hell, worst killers on earth and their victim is best person whom they have killed.

(Al-Muslim, Tirmidhi)

Defeated on all fronts, TTP continues to use fake videos (such as "Travellers of Jihad") to show movement of terrorists on Pakistan soil, recorded in their hideouts in Afghaniatan.

Khawarij of TTP are not travellers of Jihad but travellers of hell, clear signs of which are as follows:-

- **Violate sanctity of mosque and pulpit even martyr Quran.**
- **Innocent Muslims are martyred in suicide attacks.**
- **They rebel against Islamic state despite clear fatwas of scholars.**
- **Innocent children and women are sexually abused.**
- **Acts as tool for anti islamic hostile force for financial gain.**

Public know true nature of Khawarij and will not be impressed by these fake videos and statements but public hatred against terrorists is continuously increasing.
