Waziristan: Cowardly Attack of Terrorists, Enemies of Peace and Development Foiled

Security forces foiled TTP attacks in various areas of North Waziristan and South Waziristan.

According to details, security personnel deputed on ongoing construction work on track adjacent to main trade route of Ghulam Khan border in North Waziristan, were targeted by TTP terrorists who are afraid of development and prosperity. Mastermind of attack was an Afghan terrorist, whose name is being kept secret for security reasons. Three terrorists got killed and two were injured in fierce exchange of fire, however, six security personnel got martyred.

On other hand, one security personal got martyred in exchange of fire with terrorists during search operation of security forces in Gharyoum area of North Waziristan, while there are reports of killing of several terrorists.

In another incident, one security personal got martyred in exchange of fire with terrorists during a routine patrol of security forces in Tiarza area of South Waziristan, while several terrorists managed to escape with injuries.

Khawarij are enemies of peace as well as development and economic stability of people and they try to target every development project. Locals reject this "Takfeeri" mindset and seek peace and development, thus standing with security agencies.
