بسم الله الرحمن الرحيم

TTP Internal Rifts and Jamaat-ul-Ahrar Fake Statement

Notorious terrorist and head of Jamaat-ul-Ahrar, Sarbakaf Mohmand, in his recent statement has attempted to deny increasing rifts with TTP central leadership, presence of terrorists in Afghanistan and increasing dependence on Afghan terrorists. However, facts are as under:

- Instead of TTP's central leadership, statement by Sarbakaf Mohmand confirms internal rifts.
- Afghan Foreign Minister's presence in Pakistan is causing disturbance for TTP terrorists, who are issuing false statements under possible pressure from Afghan Interim government.
- If TTP is not present in Afghanistan, then how come Afghan terrorists such as Omar Khalid Khorasani, Khalid Balti, Rafiullah, Qari Saifullah Mehsud, Dawood alias Langra, and many more got killed in Afghanistan.
- While denying his own statement, terrorist Sarbakaf Mohmand had also held TTP responsible for killing of Omar Khalid Khorasani, which is a clear admission of these rifts.
- Over fifty Afghan terrorists have been killed by security forces in last three months, after which Afghan Interim Government has increased pressure on TTP.

Terrorist leadership is under constant pressure, and they are also running out of places to hide in Afghanistan. In such circumstances, increasing internal rifts are dividing TTP into different factions and central leadership's control over sub-organizations is decreasing, which is undoubtedly a significant step towards termination of this evil mischief.
