

## Propaganda of Nefarious Criminals Joining TTP Continues

TTP's reliance on Afghan terrorists and criminals has increased following growing public hatred, reduced local facilitation and continued killings. Recently, TTP claimed fake merger of Ariana Group from Mir Ali area of North Waziristan, while facts are as follows:-

- **Ariana group was active in this area many years ago, but after Operation Zarb-e-Azb, sought shelter in Afghanistan.**
- **Leader of this group, terrorist Aryana, has been killed in Afghanistan, while Yasir Dawar is being presented as a self-proclaimed leader.**
- **Terrorist Yasir Dawar is a miscreant and criminal, whose real identity is known to locals.**
- **Ariana group was inactive for a long time and few remnants including target killers and criminals are being used to show the group active.**

TTP's celebrations on merger of few miscreants and criminals is a clear proof of their dying organization.
