After terrifying end of terrorists in Bannu CTD Complex, Lakki Marwat, North and South Waziristan, TTP's Khawarij are in despair and instead of confronting security forces, they are forced to conduct suicide attacks.

To cover up for its failures and give false comfort to its coward Khawarijs, TTP is trying to depict successful operations of security forces as fake. People of Pakistan reject false narrative of TTP.

Due to successful strategy of security forces and public cooperation, terrorists are being eliminated, which will further accelerate in coming days.
