## Reality of TTP's so-called Jihad

**So-called claimants of Shariah have once again proved themselves Khawarij by targeting innocent Pashtun children in an IED attack in Shinwarsk area of South Waziristan.**

Innocent children who went to school for education are now under treatment in hospital, what wrong they did to these terrorists. TTP's Khawarij are at lowest level of brutality, which has nothing to do with Islam and Jihad.
