

## TTP Afraid of Balochistan Levies Bravery

People and security forces across Pakistan have defeated TTP on all fronts. Although TTP tried to target police and Levies as easy targets, but met failure at their hands.

Recently, TTP attacked Levies check post in Washik district of Balochistan. Effective counter action of Levies not only foiled attack but also killed one of the main terrorists of TTP, Anas Umar Baloch, which was confirmed by TTP as well.

Inspite of limited resources, Levies men are playing an important role in maintaining peace and security on 83% of area of Balochistan along with other security agencies. TTP has resorted to empty threats, alarmed by growing professionalism of Levies, which proves its failure on ground.
