Waziristan: TTPs Killings Continues

Series of successful security force operations against terrorists in Manzar Khel and Damdil areas of North Waziristan are in progress. 5 terrorists have been killed so far and 6 others got injured in exchange of fire. Weapons and ammunition recovered.

14 TTP terrorists have been killed by security agencies in last three days.

TTP leadership itself is living a comfortable life in Afghanistan, letting it's terrorists killed at the hands of security agencies, making false claims of so-called Jihad.
