TTP's Increasing Dependence on Criminal and Extortion Groups

Besides suffering casualties at the hands of Security agencies, TTP is also facing severe public backlash and financial crisis. Resultantly, number of terrorists and facilitators is continuously decreasing. Under the prevailing circumstances, TTP is forced to seek help from criminal and extortion groups. TTP's declarations about joining of criminal gangs are actually an open admission of ineffectiveness of this terrorist organization.

Recently, criminal group from Bannu under leadership of self-proclaimed terrorist commander Zarrar had announced joining TTP. Terrorist Zarrar along with his accomplices was arrested by security agencies and was killed eventually in Bannu operation.

Insha Allah, fate of all terrorists, criminals and extortionists of TTP will also be same as that of terrorist Zarrar and his accomplices.
