Message From Brave Mothers, Sisters and Daughters of Pakistan to TTP

TTP is using fake names to publish propaganda articles in magazine called "Khawateen ka Jihad" in its unsuccessful effort to mislead mothers, sisters and daughters of Pakistan.

In response to this ignorant and anti-Sharia content, brave women of Pakistan are sending following message to misguided leadership of Khawarij:

- Islam is a peaceful religion that strictly prohibits terrorism. Khawarij of TTP are spreading terrorism in Islamic state at the behest of their foreign masters.
- Terrorists are Killing innocent women, children and worshipers by suicide attacks on schools, bazaars and mosques, is this Jihad and where is it allowed as per Quran and Sunnah? TTP is a band of Khawarij.
- So called Mufti Noor Wali Mehsud and Qari Amjad should preach self-assumed Jihad in their homes and hand over their wives, sisters and daughters to terrorists and see how these wolves treat them. The honorable daughters of nation abhor TTP.
- After death of countless misled terrorists, their wives are living in poverty and are forced to remarry within TTP. The nation is aware of terrorists and is not going to be misled.

Daughters of nation are heirs of those mujahids who are laying their lives to protect honour of their mothers, sisters and daughters, of whom we are proud of.
