Attribution of False Narrative to Akhunzada Haibatullah

Pakistani Ulemas stance against terrorism has adversaly damaged ideology of TTP and “Khawarijeen” are therefore in panic.

TTP is making unsuccessful efforts to spread false narrative attributed to Maulvi Haibatullah to protect its excommunicating and un-Islamic ideology. Even earlier, it tried unsuccessfully to undermine the anti-TTP narrative of Ullema-e-Haq through an unpopular and so-called mufti.

TTP's conspiracies are unlawful in the light of Quran and Sunnah, which scholars and peace-loving people of Pakistan have totally rejected and they are standing firm with the state institutions in the war against “Khawarij”.
