## Suicide Attacks - Rebellion against Allah and Rasul (SAW)

عَنْ الْحَسَنِ حَدَّثَنَا جُنْدَبٌ رَضِيَ اللَّهُ عَنْهُ فِي هَذَا الْمَسْجِدِ فَمَا نَسِينَا وَمَا نَخَافُ أَنْ يَكْذِبَ جُنْدَبٌ عَلَى النَّبِيِّ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ قَالَ كَانَ بَرَجُلٌ جِرَاحٌ فَقَتَلَ نَفْسَهُ فَقَالَ اللَّهُ بَدَرَنِي عَبْدِي بِنَفْسِهِ حَرَمْتُ عَلَيْهِ الْجَنَّةَ  
(البخاري 1364)

It is narrated from Hasan that Jundab attributed Hadith to us in this (Basra) mosque. We have neither forgotten this hadith nor fear that Jundab may have lied in the name of Hazrat Muhammad (SAW). The Prophet (SAW) said: A person was wounded, he killed himself (due to the pain of the wound). On this, Allah said, My servant hastened me to take his life. As punishment for this, I forbid him Paradise.

**Suicide is one of the greatest sins. According to most of religious critics, a transgressor who was a nominal muslim reaches the level of disbelief through suicide.**

If Islamic teachings about suicide are so clear then a painful punishment is awaiting suicide attackers, their facilitators and the Khawarij who are spreading conspiracies and chaos in Pakistan.

**Terrorists encourage young people, especially children, to carry out suicide attacks through brainwashing. The Khawarij use suicide attacks as a major weapon to instill fear and terror among people and state institutions so that they submit to their ambitions of declaring others infidels.**

Alhamdulillah, this ongoing mischief in Pakistan is being crushed, in which there is complete harmony between the people and the state institutions. There is a need for the people to identify these terrorists hiding in disguise so that the future of the youth, especially children, can be secured and the enemy cannot exploit our youth as fuel for war.
