

## TTP's Hypocrisy and Atheism

TTP has crossed all limits of cruelty by targeting worshippers in the house of Allah with suicide attack.

**Seeing the intense backlash against terrorism from Pakistan, Afghanistan and all around the world, TTP's Khawarij have panicked due to fear and are trying to distance themselves from this heinous act.**

TTP leadership has stated that they have handed out clear instructions prohibiting attacks on mosques, madrassas, markets and general public. Whereas TTP terrorists are targeting women, children and the public on daily basis, thus proving their hypocrisy and anti-Islamism.

**TTP is suffering from severe internal rifts and Noor Wali Mehsud's statement denouncing the attack is actually acceptance of his weakening grip as a leader. TTP as an entity is surely involved in planning, facilitation and execution of this attack.**

TTP's hypocrisy can also be gauged from the fact that a few days ago, they issued statement condemning the desecration of Holy Quran in Sweden. However, the truth is that TTP has burnt more Holy Qurans than any other organization in Islamic history by carrying out suicide attacks on mosques. Which in itself is a testament of them being khawarij.

In attack, martyred worshippers have risen closer to Allah but TTP's leadership and its terrorists will meet their end soon, Insha Allah.
