Khawarij's Perversive Statement on Death of Former President Pervez Musharraf

Serial No: 40

TTP's statement on death of former President Pervez Musharraf proves that TTP's Khawarij who pretend to be claimants of Sharia, are infact pioneers of ignorance and atheism in real life.

Khawarijs are depicting their ignorance by quoting prolonged illness of deceased as punishment in this world, as they are blindfolded by the fact that illness is in fact a source of goodness and salvation according to the Hadiths of Prophet (SAW).

Abu Hurairah (RA) narrated that Messenger of Allah (SAW) said: "Whoever Allah wishes to do good to, He causes him to suffer sickness and afflictions."

Dreadful death is infact fate of TTP's Khawarij and their so-called leaders, fate of Baitullah Mehsud, Hakimullah Mehsud, Fazlullah and Umar Khalid Khurasani is evident to all. No one knows where their graves are, nor anyone pray for them, surely Allah has presented these khawarij as examples for Islamic World.

Similarly, mutilated limbs are examples of human inferiority and animalism of terrorists who blow themselves in suicide attacks, being source of painful punishment for Khawarij while lesson and advice for entire Ummah.
