## North Waziristan: Khawarij's Failed Suicide Attack! Khawarij's Targeting Innocent Civilians

In North Waziristan, on the outskirts of Ghulam Khan, Khawarij's suicide bomber attempted to carry out a suicide attack with a car full of explosives. Security forces foiled the suicide attack by identifying the vehicle timely.

The suicide bomber got scared and blew up the car with an explosion. All the security personnel remained safe, while the poor and innocent husband and wife who were herding goats were martyred in the blast.

### Martyred husband and wife in suicide attack

The suicide attacks are infact a clear proof of the cowardness of the Khawarij and their failure on ground, the bodies of the Khawarij themselves are going to hell. The local tribes are outraged by the martyrdom of the innocent husband and wife and are demanding strict action against the Khawarij on both sides of the border.

**InshaaALLAH, soon the Khawarij and their local facilitators involved in this attack will be brought to a terrible end.**
