Success of Battagram rescue operation, public's expression of love and admiration for Pakistan Army have made Khawarij restless thus are unsuccessfully trying to lure valiant public to award rewards from their haram money.

**Nation is questioning TTP Khawarij who are enemies of people, traitors to religion and country, extortionists:**

- ▲ Khawarij are living a luxurious life with their families in Afghanistan, where does that money come from?
- ▲ Khawarij are making wealth from haram activities and they have not given anything apart from terrorism to people of Pakistan.
- ▲ How much amount has Khawarij recieved for martyring innocent labors in IED blast in Shawal?
- ▲ Does Khawarij realize that who is providing financial support to families of martyred innocents in terror attacks of Khawarij.
- ▲ Do Khawarij despite these many atrocities, think that they can fool people with their fake statements.

Why do Khawarij with Takfiri mindset and working against Sharia forget that this nation has strong relationship of devotion with Pakistan Army because whether there are natural disasters or fighting against enemies of state including Khawarij, people and Pakistan Army always stand together whereas Khawarij has no religion and no country.
