North Waziristan: Infiltration Attempt on Pak-Afghan Border Foiled, Seven Terrorists Sent to Hell

Timely identifying the infiltration attempt of TTP's Khawarij from Ghulam Khan border area of North Waziristan, security forces eliminated seven terrorists and recovered arms and explosives.

According to details, Security Forces targetted the terrorists when they were entering the Pakistani territory by cutting the fence. In exchange of fire, two terrorists died on the spot while the cowardly Khawarij tried to escape leaving the corpses of their dead comrades.

The security forces, following a well-coordinated strategy, surrounded fleeing terrorists and blocked all escape routes, leading to an intense confrontation in extremely difficult terrain. In head-to-head battle, security forces successfully killed additional 5 terrorists, bringing the total number of eliminated terrorists to seven.

Death of these terrorists while trying to infiltrate Pakistan from Afghanistan is a slap on the face of Hafiz Gul Bahadur group, who makes fake claims of carrying out terrorist activities from inside Pakistan.

The security personnel deputed on the Pak-Afghan border are ensuring the security of country's borders with utmost diligence, determination and professionalism. The evil intentions of the Khawarij against the holy land will continue to be destroyed, InshaAllah.
