## North Waziristan: Identification Process of Killed Terrorists in 2<sup>nd</sup> May Security Forces Operation is Complete

On 2nd May, six terrorists were killed while several others were seriously injured during security operation in Aziz Khel, a suburb of Miran Shah.

According to local sources, out of injured terrorists, three terrorists have reached their terrible end, taking total number of dead terrorists to nine. Details of killed terrorists are as follows:

Terrorist Ansari

Terrorist  
Hafiz Hammad

Afghan Terrorist

Terrorist Zahir

Terrorist Toofan

Terrorist Skaruta

Corrupt leadership of TTP is as always shying away from recognizing their killed terrorists, while involvement of Afghan terrorists in TTP and their terror activities against Pakistan is a matter of concern for Afghan Interim Government.

Nation stands with security forces and demands that Afghan Interim Government be once again warned to ensure elimination of Khawarij and to speed up series of unilateral actions against terrorist leadership hiding in Afghan soil for their continued irresponsible behavior.
