North Waziristan: Successful Operation by Security Forces, 3 Terrorists Involved in Attack on the Security Personnel Sent to Hell

Security forces killed three Khawarij in an information-based operation about the movement of terrorists in Omwala, a suburb of Datta Khel Tehsil.

According to details, security forces ambushed the movement route of the terrorists and targeted them when they were going towards Omwala for action against security forces. Two Kharijites were killed and two seriously injured in fierce exchange of fire.

Security forces identified the escape route of the terrorists and targeted the fleeing terrorists, in which another terrorist got killed in exchange of fire.

Terrorists who were targeted by the security forces were involved in the terrorist attack in Manzarkhel last week. Cowardly leadership of the Khawarij is unable to acknowledge their dead and is forced to remain silent.

Aggressive operations of security forces and integrated intelligence network in Datta Khel, Dosalli and suburbs are causing heavy casualties to terrorists and terrorists are hiding from security forces. Alhamdulillah, series of successes of the security forces continues.
