Dera Ismail Khan; Extortionist Khawarij once again Attacking Innocent People

Khawarij, the enemies of development and prosperity, today attacked the personnel of a private gas drilling company near Dera Ismail Khan (Kot Palak) when they were on their way to the gas well. The security forces foiled the attack by taking timely action. In exchange of fire, several Khawarij were sent to hell, while two innocent company officials got martyred.

According to sources, company officials were receiving threatening messages from TTP to pay extortion. However, for refusing to pay extortion, Khawarij targeted innocent civilians earning halal livelihood, which is a clear proof of their anti-people and so-called Jihad.

The process of construction and development is going on in the merged districts, which is very disturbing for the eternal enemies of Pakistan and the Khawarij of TTP have become their tools and are trying to obstruct development by targeting innocent people.

People are well aware of the agenda of these Khawarij and are standing by the security forces against the enemies of peace and stability. Land is further shrinking for these Khawarij and soon their elimination will prove to be the guarantee of peace, stability and development. Insha Allah
