Dera Ismail Khan (Daraban); Khawarij Attack Foiled 5 Khawarij Sent to Hell

In Daraban area, terrorists simultaneously attacked, first with car full of explosives followed by suicide bomber. As a result of timely action, 5 terrorists including suicide attackers were killed.

Khawarij hit a truck full of explosives against wall of camp and on other side 4 terrorists including a suicide bomber tried to enter camp

Security personnel killed four terrorists very diligently. However, roof of room collapsed due to explosion of a large amount of gunpowder and 23 security personnel were martyred.

Coward leadership of TTP hiding in Afghanistan is unsuccessfully trying discredit themselves by linking this attack to fictitious organization called Tehreek Jihad Pakistan.

Pakistani people and security forces are well aware of who is enemy of peace and development and how TTP is using Afghan land against Pakistan. TTP resorting to suicide attacks against security forces is actually an admission of defeat.
