## **Khawarij's So–Called Jihad And Public Enmity Exposed, Six Innocent Workers Martyred by TTP in Mir Ali**

Khawarij of TTP once again showed anti–Sharia and anti–people attitude and exposed anti–Islam ideology by targeting 6 innocent barbers working in Muski area of North Waziristan.

Khawarij at first brazenly declared their criminal act as service to so–called Islam and then backed away from their statement for fear of public backlash.

People ask TTP Khawarij that:

- ▲ **Where Islamic teachings say that killing of a single human being is like killing entire humanity, what justifications do Khawarij have to kill workers who earn halal livelihood.**
- ▲ **Why are TTP Khawarij targeting unarmed workers instead of confronting security forces on ground.**
- ▲ **Isn't this brutality not an indication of prejudice–based enmity of Afghan terrorists among TTP ranks towards laborers from other areas.**

Poor workers who were victims of TTP Khawarij's brutality had been serving locals of Mir Ali for many years away from their homes. On their martyrdom, locals are expressing their hatred towards Khawarij and rejecting their so–called self–imposed Sharia law, they are demanding strict action from the state against them.
