Khawarij's Fake Wailing on United Nations Comprehensive Report

In recent report, United Nations has confirmed TTP's presence in Afghanistan and its links with Al-Qaeda and Daesh Khorasan. TTP as usual is rejecting this report, while actual facts are as following:

- ▲ **United Nations reports are based on facts on ground, considered legitimate by whole world.**
- ▲ **Presence of TTP safe havens and training camps in Afghanistan is a fact, which is known to the whole world and it is absurd to deny it.**
- ▲ **TTP is developing links with al-Qaeda in Afghanistan and Daesh Khorasan after increasing pressure from Afghan interim government after concern by Pakistani government.**
- ▲ **After successful operations, TTP's capability on Pakistani soil has been limited, but Khawarij's use of Afghan soil remains a major obstacle to their complete elimination.**

Afghan Interim Government will have to keep its promises and take effective actions against TTP otherwise this evil can become a major threat to entire region peace including Afghanistan along with ISIS and Al-Qaeda.
