## **Nation's Clear Message to Terrorists on Joyous Occasion of Eid-ul-Fitr Even your stories will not be in the History**

For some time now, all the attention of the Khawarij hiding on Afghan land has focused on hypocritical propaganda, while the recent statement of the notorious terrorist Noor Wali Mehsud is proof that this evil terrorist has nothing else to do except hypocrisy.

The nation once again sends a message to the Kharijites and their external masters:

- ▲ **The Pakistani nation is very zealous and peace-loving, which totally rejects the Takfiri agenda**
- ▲ **Terrorists are guilty of rebellion against Islamic teachings, while their salvation lies in understanding the true spirit of Sharia and abandoning terrorism**
- ▲ **If the terrorist leadership sits comfortably in Afghan soil and plans against Pakistan, the state will not sit quietly and if necessary, more attacks can be carried out across the border**
- ▲ **The pressure on the Afghan Interim Government is increasing and they can't feed you anymore, the best thing for you is to surrender**
- ▲ **Kharijites should give up extortion, mercenary fighting and suicide attacks, otherwise they will always remain humiliated and disgraced.**
- ▲ **Terrorists like Noor Wali Mehsud are inciting young children to commit suicide attacks for the sake of hellish personal interests, the nation is aware of their true nature**
- ▲ **Pashtun nation has always stood by the truth. The time has come once again to reaffirm our unwavering commitment against terrorism and prevent our children from becoming the fuel of this war**

On this joyous occasion of Eid-ul-Fitr, nation prays for the guidance of these misguided Kharijites and pledges that all resources will be utilized to get rid of the monster of terrorism.

**Happy Eid to all the people of the country**
