

## Real Truth Behind Fake Propaganda Videos Linked to Khawarij on Social Media

In recent days, TTP is facing heavy loss in different areas of Khyber Pakhtunkhwa, hundreds of terrorists including many important leaders have been sent to hell while many terrorists are hiding.

In these desperate circumstances, TTP has focused all its attention on fake and years-old propaganda videos to intimidate people by creating an atmosphere of fear and get money from anti-Pakistan forces. Real facts of these videos are as follows:

- ▲ In the videos made on Afghan soil, by showing the movement of terrorists in large numbers, an attempt is being made to give the impression that terrorists are roaming freely in Pakistani areas.
- ▲ Videos of cowardly terrorists fleeing to Afghanistan from Shawal and other areas during Operation Zarb-e-Azb are currently being shown moving towards Pakistan.
- ▲ A failed attempt is being made by joining parts of various old videos to show large number of terrorists, when in reality the Khawarijs are hiding.
- ▲ The Kharijites are secretly making videos in different areas through their extortionist facilitators and fake claiming the presence of Kharijites in these areas.

The people of Pakistan send a message to these Khawarij that:

- ▲ If the Kharijites have the courage to compete, they should come out of the film world and face the security forces in reality, InshaAllah, their abode will be hell like their dead comrades.
- ▲ People will not fall for the propaganda of these hypocritical and wicked Khawarij and instead of being afraid of such fake videos, they are standing with the security agencies.

It is the responsibility of the people to reject this lie and deception and report these failed attempts of Khawarij to the nearest military or police authorities in time so that their facilitators can be eliminated immediately.
