Terrorist Khawarij Resorted to Traditional Hypocrisy Regarding Zionist Terrorism on Besieged Palestinians in Gaza

Nation has appreciated unequivocal diplomatic, moral and political support of Palestinians in recent statement of Pakistani state and military leadership.

Terrorist Khawarij cluttered with growing public support for state institutions and growing public hatred for Khawarij, are unsuccessfully trying to gain public support with their traditional hypocrisy. They are pretending to sympathize with Palestinian Muslims who are victims of Zionist terrorism in Gaza.

Pakistani nation rejects TTP's hypocritical statement and asks:

- ▲ **Zionist terrorists are attacking innocent Muslims, mosques, hospitals and innocent people in Gaza which are also targeted by TTP in Pakistan, so what is the difference between Israeli terrorists and TTP?**
- ▲ **How many condemnatory statements have banned TTP issued on Indian atrocities on innocent Muslims in Indian Occupied Kashmir and why is it still silent?**
- ▲ **Are Khawarij ready to give up terrorist activities in Pakistan and help innocent Muslims in Kashmir and Palestine?**
- ▲ **Is TTP actually trying to collect money from public by using Palestine to strengthen its weak organization and so-called Jihad?**

TTP's enmity towards Islam, public and extortion have been exposed in front of everyone, so Pakistani public do not give any importance to hypocritical statements of these Khawarij and are hopeful for elimination of Khawarij and are standing with security agencies.
