Bannu (Jani Khel): Huge Success of Security Forces

6 Khawarij involved in Jani Khel Suicide Attack Killed, 3 Arrested

Security forces targeted several hideouts of Khawarij through simultaneous operations at different locations on basis of intelligence in Jani Khel, Bannu.

6 most wanted TTP Khawarij were killed while 3 more were arrested in injured condition in several hours of intensive operations and fierce exchange of fire. A large number of weapons, ammunition and communication devices were recovered from possession of terrorists. There was no loss of security forces in operation.

Killed and arrested Khawarij were involved in suicide attack on convoy of security forces on 31 August in Jani Khel, which was brought to terrible end.

Non-condemnation of suicide attack on security forces and PTM's silence on today's successful operation exposes their fake agenda while presence of terrorists in large numbers and local facilitation is a question mark on local of Jani Khel.

On one hand, such a large number of killings and arrests of TTP in Bannu is a big shock for Khawarij while on the other hand there is a clear message from security forces that now Khawarij will be taken out within their hideouts and brought to a terrible end, Insha Allah.
