South Waziristan: Another Big Blow to TTP Several Terrorists of TTP Akhtar Muhammad Group Killed

South Waziristan: 40 to 50 terrorists of TTP (Akhtar Mohammad Muizgay Group) from Afghan territory tried to attack Pakistani border post in border area adjacent to Angoor Adda. Security personnel deployed at post promptly foiled the attack.

In failed attack, 15 terrorists of TTP were killed and many more were reportedly injured. As per intelligence, TTP has buried dead terrorists across border in Al Manzai and Rakha areas, where locals are not being allowed to go.

Islamic Emirate also suffered losses in exchange of fire, after which a border flag meeting was held between Islamic Emirate and Pakistani security personnel. Both sides agreed to make joint strategy to resolve issue and prevent TTP from such activities in future.

Recent TTP killings, including 6 terrorists in Shawal (Tanda Dara), have broken TTP's back, while grip got tighter around terrorists in Afghanistan as well as in Waziristan, Tank and DI Khan and there is no chance for them to hide anywhere.
