## **Waziristan: Successful Operation Against Terrorists Six TTP Terrorists Killed, Many Injured**

Security forces successful operation against TTP terrorists located in most difficult mountainous areas at junction of North and South Waziristan. Six terrorists including two prominent terrorists were killed and many more were injured.

**In successful operation against terrorists, local tribes fully supported security forces and forced terrorists to flee from area, while there are also reports of presence of a large number of Afghan terrorists.**

**Purpose of terrorists hiding in these areas was to extort money from owners of pine nut forests and target killing in case of refusal.**

After failure of reconciliation process last year, it seems that security forces have decided to eliminate terrorists completely and operations are continuing without respite.

Insha Allah, terrorists will not find any place to hide.
