Mir Ali: TTP Khawarij's Public Enmity Exposed – Innocent Citizen And 3 Children Martyred

Unable to compete with security forces, TTP Khawarij targeted innocent children with improvised explosive device near local hotel in Mir Ali to overcome their fear. Due to which three juvenile shepards of Kajori got martyred.

In another terror incident, Khawarij martyred 43-year-old Yasir Khan son of Rahim Khan resident of Epi village, who was an employee of health department and was earning halal livelihood for his children.

Khawarij of TTP are unsuccessfully trying to put pressure on locals by targeting innocent civilians. These Khawarij have tried to cause loss of life and money to the locals number of times in the past.

As always, this time also in view of strong public backlash, Khawarij will try to show indifference to these heinous acts. While locals are well aware of their hypocrisy because no local can show such brutality.

Public has clear message to these Khawarij that they will not be swayed by their bad tactics, rather such actions will strengthen their resolve against Khawarij and they will join forces with security forces to send them to hell, Insha Allah.
