Jamaat-ul-Ahrar Efforts to Conceal Realities and Statement of Terrorist Commander of Sarbakaf Mohmand

For the past few months, there were reports of poison attempt on terrorist commander Sarbakaf Mohmand by his close associates in Afghanistan and this Khawarij being sent to hell, who was involved in several terror activities including Peshawar Police Lines mosque blast.

Now an audio message released by Jamaat-ul-Ahrar linked with Sarbakaf to prove that he is alive and is continuing terror activities against state of Pakistan.

People ask these Khawarij that:

- ▲ **If Sarbakaf is really alive, why is his video message not released and why is he shy from showing his face.**
- ▲ **How can Afghan Interim Government allow exiled and most wanted terrorist to issue statements against state of Pakistan from their country. Does it include their consent.**
- ▲ **If it was not TTP who poisoned Sarbakaf and he survived from the poison, why did it take six months for TTP to bring this matter to light.**

Suffering a crushing defeat and disappointment at the hands of security forces, Khawarij have no choice but to spread lies and propagandas in efforts to support their dying organization. These statements have no significance and the end of Khawarij is certain, InshaAllah
