Chitral: Successful Operation by Security Forces Large Cache of Ammunition and Explosives Recovered

On the basis of intelligence, security forces conducted timely conducted operation and recovered hidden cache of ammunition and explosives in Sweer Gol area of Chitral.

Terrorists of TTP may have hidden large cache of ammunition and explosives under rocks during September 6 attack, which they failed to retrieve. Seized cache included heavy weapon shells, mortar shells and several boxes of different types of bullets.

Security forces are foiling nefarious intentions of terrorists with public support. Security forces are determined that in any case peaceful valley of Chitral will be protected from evil of terrorists. Locals are also praising security forces for successful operation.
