## North Waziristan: Tragic End of Khawarij Involved in Mir Ali Terrorist Attack, Seven Khawarij Sent to Hell in a Successful Operation

North Waziristan; In a highly successful information based operation in Madikhel, a suburb of Miranshah, security forces killed seven terrorists involved in Mir Ali attack.

According to the details, upon information about the presence of terrorists involved in Mir Ali attack, security forces surrounded the hideout of the terrorists during a very complex and dangerous operation and killed seven terrorists in fierce exchange of fire.

Death of large number of terrorists is a matter of satisfaction, while it is a matter of concern that the terrorists involved in the Mir Ali attack attacked the Khaddi FC compound by driving a vehicle from Zirakai village. Facilitation by local people and not reporting the presence of terrorists timely is a question mark. At the same time, complete silence of Uthmanzai Jirga after the Mir Ali attack is rising many doubts.

For long-lasting peace in North Waziristan, local people and Jirgas also have to play a positive role by realizing their responsibility, otherwise the government may have to think about evacuation of the population again.

By bringing the terrorists involved in the Mir Ali attack to a gruesome end, security forces have pledged that they will account for every drop of blood of the soldiers who sacrificed their lives for the sake of the country and their sacrifice will never be in vain.
