## **South Waziristan: Successful Operations Against TTP Continue With Full Public Support**

On the basis of confirmed information about the presence of terrorists in Madi and surrounding areas of South Waziristan, security forces have started a series of operations against terrorists with systematic intelligence based operations having full public support.

**During operation, terrorist Habib ur Rehman was killed in a fierce exchange of fire while 16 terrorists and facilitators were arrested. Weapons and explosives were recovered.**

In view of public safety, locals have moved from their locality to safe area where they were provided food and medical facilities by security forces. However, after completion of operation, locals have returned to their homes.

**With public cooperation, series of operations against Khawarij will continue until complete elimination of terrorists. InshaAllah**
