## **South Waziristan: Another Major Success for Security Forces, 5 Khawarij of TTP Sent to Hell**

Last night, security forces conducted a successful raid on hideout of TTP Sajna Group in Ladha (Kot Langar Khel) area of South Waziristan on basis of intelligence.

**In the fierce exchange of fire, 5 Khawarij of TTP were killed while 4 were injured.**

**Terrorists associated with terrorist leader Mohibullah alias Maibal used to threaten and extort money from the locals in the area. While same Khawarij were also involved in target killing of several tribal leaders and elders.**

**Security forces strategized against these Khawarij based on intelligence, identification by locals and targeted them when they had gathered to plan terrorism in the area.**

In recent days, Khawarij are facing heavy losses of lives at hands of security forces in various areas of Khyber Pakhtunkhwa and they are suffering from deep despair and panic while misguided leadership of TTP is afraid to accept their deaths and forcefully resorting to fake statements.
