Press Briefing of Public Relations Department of Pakistan Army and Scandal of Khawarij Hiding in the Afghan Territory

In recent press briefing of Public Relations Department of Pakistan Army, presence of Khawarij on Afghan soil, use and facilitation of Afghan citizens in anti-Pakistani operations has been badly exposed. Afghan facilitators of TTP are forced to resort to hypocrisy and lies, while real facts are as follows:

- ▲ **Pakistani people, especially tribal people, have completely rejected Takfiri agenda of Khawarij and terrorist leadership is forced to use Afghan citizens and land in anti-Pakistan activities. Because they are better than humiliated dogs who can't find any place to hide in Pakistan.**
- ▲ **Cowardly leadership of Khawarij is living a life of luxury in Afghanistan along with their families, while day by day their foot soldiers are dying in attempts to cross Pak-Afghan border, can TTP tell who are these people?**
- ▲ **Zealous and peace-loving people of Pakistan ask Khawarij that where is terrorist Noor Wali Mehsud and where are rest of his leaders? If they have courage, why don't they come to Pakistan?**
- ▲ **By resorting to hypocrisy and propaganda, TTP is only trying to appease its Afghan facilitators who are already under severe pressure and are looking for excuses to get rid of TTP.**

Afghan Interim Government has so far failed miserably to stop TTP's anti-Pakistani activities and is guilty of criminal silence on Kharijites continued use of Afghan citizens in terrorism and anti-Islamic intentions. Now is the time for Afghan Interim Government to decide whether it stands with peace and progressive zealous Pakistani people or with Islamophobic Khawarij of the TTP.
