TANK: Major Success of Local Tribes and Security Forces Five Khawarij, Including the Most Wanted Terrorist Sent to Hell

In the outskirts of Tank, security forces ambushed and surrounded the fleeing terrorists. Five terrorists including the most wanted terrorist, arms, ammunition, motorcycle and vehicle were captured.

The security forces arrested the injured terrorist while escaping last night, who later died. While chasing the Khawarij who escaped with the body of the terrorist Parake, the security forces surrounded the terrorists in village Babar Mullah Khel and killed three more terrorists including the most wanted terrorist leader Rehmatullah alias Badr Mansoor.

Notorious expatriate Badr Mansoor was the most important TTP leader active in Tank and adjoining areas, involved in extortion, kidnapping for ransom and several attacks against security forces. The killing of the most important terrorists in Tank is a big success for the security forces. While the hypocritical leadership of TTP refuses to recognize its dead terrorists.

Due to the professionalism and tactics of the security forces in Tank and adjoining areas, the Khawarij are facing severe difficulties and are hiding. However, the security forces are in constant pursuit of the terrorists and are targeting them selectively. InshaAllah, the elimination of Khawarij will continue.
