South Waziristan Major Success of Security Forces Against Khawarij, Seven Khawarij including the Most Wanted Terrorist Sent to Hell

In the suburbs of Wana (South Waziristan), security forces killed seven Khawarij including the most wanted terrorists during a very complex and risky operation. Arms, ammunition, communication equipment and modern landmines were also captured.

According to the details, the security forces deployed in the area identified the escape of the terrorists to Afghanistan in time and pursued them, on which the terrorists took shelter in a cave and exchanged fire with the security forces for several hours with modern weapons

The security forces foiled all the escape attempts of the terrorists with great professionalism and best strategy, killing seven Khawarij including a most wanted terrorist Zarqal. While a soldier of the security forces was awarded the great rank of martyrdom

Maintaining their hypocrisy, TTP Khawarij will never dare to acknowledge their dead. A major achievement of the security forces deployed in Wana and the suburbs is the killing of a large number of Khawarij. On which the residents of the area are paying tribute to them. While the security forces are determined that successful operations will continue until the complete elimination of Khawarij. InshaAllah
