TTP Resorted to Another Fake Group Ansar ul Jihad to Hide its Anti-Sharia Agenda

Yesterday, TTP terrorists launched an unsuccessful suicide attack on Tank police lines. Responsibility claimed by a fictitious organization called Ansar ul Jihad, Khawarij announced formation of a new terrorist group while actual facts are as follows:

- ▲ Terrorist killed in tank attack were active member of TTP and were already wanted in several terror attacks.
- ▲ Telegram channel that claimed responsibility for attack is same channel used by TTP-created "Tehreek Jihad Pakistan" for propaganda and fake claims.
- ▲ Fictitious Ansar ul Jihad's claims and pictures were circulated on WhatsApp group of fictitious organization Tehreek e Jihad, which clearly proves that both are one and same terrorist group.
- ▲ By planning attacks in name of new so-called terrorist organizations, an unsuccessful attempt is being made to give impression of growing terrorism in Pakistan and weakness of state on social media.
- ▲ Accepting responsibility of terror attacks by fictitious organizations is attempt to reduce pressure of Pakistan on Afghan Interim Government to act against TTP while there is a strong possibility of coalition between Afghan Interim Government and TTP in establishment of these organizations.

Pakistani people are well aware of TTP's hypocrisy and strongly reject their brutal tactics and demand their immediate end from the state of Pakistan.
