TTP Confused with Growing Public Hatred Cowardly Attacks on Innocent Citizens for Refusing to Facilitate

Due to continuous failure at the hands of security forces, TTP is carrying out cowardly attacks on innocent and patriotic citizens to give fake hope to its disillusioned Khawarij while brave tribals are rejecting agenda of Khawarij.

Coward Khawarij of TTP are unable to confront security forces while exposing their so-called Jihad by targeting more than 40 innocent civilians in different areas of Khyber Pakhtunkhwa in last four months.

On the other hand, targeting of innocent people by Khawarij is an admission of their helplessness before security forces and on the other hand, it is a clear proof of their hostility towards locals.

People of Pakistan are reiterating their full cooperation with security agencies while expressing their deep hatred for Khawarij, so as to ensure establishment of lasting peace by eliminating killers of innocent as soon as possible.
