Declarations and Actual Facts About TTP's So-Called Provinces

TTP has been claiming so-called provinces under guise of re-organization for some time now and announcements are being made about nomination of terrorists for these provinces. Here are real facts behind this fake propaganda:-

- **Main purpose of chaos spread by TTP is to expropriate wealth and capture natural resources.**
- **TTP Extortion groups are active in different areas, which transfer money to Afghanistan.**
- **Due to internal rifts, terrorist leadership is facing difficulties in recovering extortion money.**
- **Main purpose of so-called provinces is to appoint their close associates for extortion in different areas.**

Apprehensions of several TTP extortion groups in Khyber Pakhtunkhwa have put terrorist leadership in dire financial crisis and they are forced to expand extortion network to more areas. Insha Allah, fate of new extortionists will also be terrible.
