## **Tank: Highly Successful Operation by Security Forces 10 Khawarij of Outlawed TTP Killed and Many Injured**

In Azamabad area of Tank, security forces conducted operation against TTP Khawarij (Ismatullah Shaheen Group) hideout on basis of intelligence. 10 terrorists were killed in the fierce exchange of fire while many others were injured. Security personnel remained safe during operation.

**Killing of such large number of Khawarij is certainly a big shock for extortionist and anti-Sharia leadership of Khawarij in Afghanistan. While as usual, showing hypocrisy, terrorist Noor Wali Mehsud will discredit from these killings, show them innocent and will try unsuccessfully to gain public sympathy.**

With better strategy of security forces in Tank, timely provision of intelligence and public support, remnants of TTP are not finding any place to hide and they are being targeted by security forces in large numbers. Alhamdulillah
