## Zhob: TTP's Suicide Attack on Jamaat-e-Islami Chief Siraj-ul-Haq and Hypocrisy

TTP carried out a suicide attack on Jamaat-e-Islami leader Siraj ul Haq in Zhob area of Balochistan, when he was leading a rally. Honorable Siraj ul Haq remained safe in failed suicide attack, while TTP realizing sensitivity of matter, immediately discredited its linkages and issued a statement of condemnation based on lies. TTP's hidden motives behind this suicide attack are as follows:-

- In current political turmoil, Siraj ul Haq is among few serious and sincere political personalities, who are trying to bring country out of this situation through unison between political parties.
- Anti-Pakistan forces are busy fomenting this political chaos, while conscience-stealing groups like TTP are becoming tools of these hostile forces for financial gains.
- TTP's sidelining of a figure like Siraj ul Haq at behest of external masters is to further destabilize country and sabotage efforts of reconciliation.
- After failed suicide attack, purpose of fake statement is to avoid backlash of tribals and to gain public sympathy.

People of Pakistan, especially tribals are well aware of origin of TTP and are standing by security agencies for their elimination due to its links with foreign intelligence agencies and anti-Pakistan policies.
