## Investigations Related to Bajaur Tragedy And Increasing Confusion of Khawarij

Following suicide attack in Bajaur by TTP-ISIS Khorasan nexus, TTP Khawarij are showing their customary hypocrisy and issuing false condemnation statements, recent example of which is notorious terrorist Azmatullah Mehsud and Maulvi Faqir's video narration.

Investigation into suicide attack has revealed some key findings as follows:-

- ▲ **TTP terrorist leader Maulvi Faqir who has long-standing ties with Daesh Khorasan, escaped from prison after withdrawal of US forces in Afghanistan.**
- ▲ **According to preliminary investigation, Bajaur tragedy indicates mutual nexus between terrorist Maulvi Faqir and Daesh Khorasan.**
- ▲ **Qari Ziaullah and rest of JUI (F) colleagues were martyred by whom and why? is known to whole Bajaur.**
- ▲ **Two terrorists of Daesh Khorasan who were recently arrested from Bajaur (Kitkot) also indicated support of TTP in this suicide attack.**
- ▲ **TTP not condemning Bajaur attack in spite ISIS's admission in this video message of being involved, proves TTP and ISIS nexus**
- ▲ **Khawarij's condemnation of suicide attack is actually attempt to avoid possible difficulties in collecting extortion in name of donation, as they fear that tribals will now rise against them.**

Afghan Interim Government needs to understand that their control is limited in Nangarhar and Kunar where there are evidences of presence of TTP centers and cooperation with ISIS. Destruction of these Khawarij is not only in interest of Pakistan but also in interest of Afghanistan and the region.

**More revelations later**
