## **Valiant Chitral Locals Clear Message to Khawarij**

After defeats in merged districts, Khawarij considered Chitral as an easy target and plotted to spread terrorism in this peaceful area but locals as always, supported security forces and diferenciating between right and wrong.

Several videos circulating on social media, where locals of Chitral with immense love are seen voluntarily standing side by side with security forces and taunting Khawarij. After watching these videos, Khawarij hiding in Afghanistan are suffering greatly and they are forced to beg Chitral locals through their fake statements.

**In fact extortionists, hired murderers, rogue and miscreants, enemies of halal livelihood, devils who are swayed by public unity, Islam peddlers and anti-Sharia group have lost public support and have been badly exposed.**

Valiant and patriotic locals of Chitral give a clear message to Khawarij that Khawarij are not human beings but dogs of hell who are being punished in this world and Insha Allah, their end will be terrible in the hereafter as well. Locals know how to defend themselves and can never think of betraying the country.
