## Message of Brave Pakistani Nation to the Khawarij on 23rd March

On the occasion of Pakistan Day, the nation of Pakistan prostrates to Allah for blessing us with an independent Islamic state, it also renews its pledge to protect the beloved country, establish lasting peace and for its prosperity and development no stone will be left unturned.

On the occasion of Pakistan Day, the nation unitedly sends a clear message to the Khawarij who are enemies of Pakistan and Islam:

- ▲ **Esteemed state has been established in the name of Islam, whose constitution is in accordance with Islamic teachings, while the honourable scholars of all schools of thought have declared the agenda of the Khawarij as haram.**
- ▲ **TTP khawarijs is a group of extortionists, hired killers, enemies of people and Islam, who are the tools of the powers hostile to Pakistan.**
- ▲ **After the American withdrawal from Afghanistan, the so-called Jihad of TTP Khawarij has been buried because the war against the Islamic government is not Jihad but sedition and corruption.**
- ▲ **This anti-Islam group is terrorizing the people of Pakistan while being silent on the atrocities committed by their masters on the innocent Kashmiri Muslims.**
- ▲ **Kharijites are practically excluded from Islam and are the dogs of hell in the light of Islamic teachings and hadiths, because Islam does not allow massacre of innocent citizens, women and children, desecration of the mosque, suicide bombings and forced marriages.**

The Pakistani nation is very proud that Pakistan came into existence in the name of Islam, for which our forefathers have sacrificed a lot. The entire nation is united against these terrorists more than ever and gives them a clear message that the days of these Khawarij are numbered and their defeat is their destiny, InshaAllah

**Happy Pakistan Day to the entire nation**
