## **Peshawar: Highly Successful Operations of Security Forces Against Terrorists and Extortionists**

Peshawar: Two highly successful intelligence-based operations in Mattani and adjacent areas. In the first operation, two key terrorists were arrested along with their facilitators while in the second operation, the entire network involved in extortion was arrested.

**Arrested terrorists and facilitators were involved in attacks on police, target killings and various terror attacks. While arrested extortionist network used to extort money by identifying wealthy people in Peshawar, through did recce and later threaten through messages.**

Grip of security forces against extortionists, terrorists and facilitators is gradually getting stronger, role of public support is commendable.
